Enrolment process

All prospective learners are required to attend an interview at the college with a Marketing and Admissions staff member.

Diploma Courses

If the learner does not have the year 12 completion certificate (original or certified copy) or an AQF Certificate IV or higher qualification, they are required to undertake the Australian Council for Educational Research (ACER) VSL approved online test to demonstrate the applicable Australian Core Skills Framework (ACSF) entry level for the qualification.

This assessment is to determine if the prospective student has the appropriate level of language, literacy and numeracy (LL&N) required for the diploma course **Exit level 3**.

To ensure validity and reliability, the online assessment is taken during the enrolment meeting under strict supervised conditions and is supervised by YES College's Marketing and Admissions staff member in the enrolment meeting room. The supervision by YES College's Marketing and Admissions staff ensures that the process is conducted with honesty and integrity.

The outcomes of the assessment will be provided to the prospective learner immediately. The results will also be reported to the Secretary in the form, manner, and by the time requested by the Secretary.

Should the prospective learner not meet the appropriate LL&N level as specified above, they will be given advice on LL&N support which may be accessed (independently of YES College) to reach the required entry level and are able to re-apply for entry into the qualification after 3 months. It is possible for students to re-sit earlier than 3 months at YES College's discretion, however a resit within 3 months will be a risk indicator.

YES College will retain all LL&N assessments and results for at least 5 years and will provide them to the Secretary or delegate if requested.

Certificate Courses

If the learner does not have the year 12 completion certificate (original or certified copy) they are required to undertake the YES College LLN Pre-Enrolment Assessment to demonstrate the applicable Australian Core Skills Framework (ACSF) entry level for the qualification.

This assessment is to determine if the prospective student has the appropriate level of language, literacy and numeracy (LL&N) required for the course they are interested in.

- Extra tuition
- Course support and interventions
- Reasonable adjustment
- Advice on additional training required.

If the appropriate LL&N level is demonstrated (diploma) or support negotiated to allow the student to enrol (certificates), then the Marketing and Admissions staff member will continue with the interview meeting giving the prospective learner additional information including (but not limited to)

The student must then wait at least two full business days after he/she has enrolled in his/her studies before submitting the eCAF.

The student must submit the eCAF on or before the first census day for which he/she would like the loan to apply.

Once the student submits the eCAF, he/she will receive an email confirming the loan approval and providing him/her with a copy of the completed form. Students should keep this form for their records.

If the student does not complete the eCAF, or other permitted form, by the required date for the course, the student will have to wait until the next part of the course /unit, next semester or trimester to request a VET Student Loan for future study. Students under the age of 18

If a student is under 18 years of age, a parent or guardian must complete and sign a parental consent form.
